SOME SUIT FACTS.

The young fellow is usually a "smart dresser," knows what is what and is very particular about his clothes.

He not only likes to get swell styles, but he wants the new ideas as soon as they appear.

He Wants Them First.

Our New Suits are now ready, in single and double breasted styles. New broad lapel long cut coats and loose trousers, the graceful drape of the garment, the artistic turn of the sleeves at every point, the skillful tailoring, the handsome new fabrics, and withal our reasonable prices, combine to make this the

FALL TERM OF COURT.

Six Week's Session Begins With a Heavy Docket.

FOUR MURDER CASES.

Grand Jury at Work And Petit Juries to be Made Up.

BLACK PATCH'S MONSTER RALLY

Guthrie Gathering Nearly 20,000 By Actual Count.

MANY FINE SPEECHES.

Stanley's Fervid Eloquence Sets Crowd Wild With Enthusiasm.

Circuit Court convened here yesterday for a session of six weeks. There are 234 equity cases, 75 common law, and 133 "commonwealth" cases. There are four murder cases and two of them set for the fourth day of the term, which is Thursday next. After the grand jury was made up and instructed, court adjourned until today.

Following is a list drawn from the jury lists from which to select petit juries for the term: W. E. Adecock, Bob Dukes, M. D. Hord, H. C. Walden, Winston Henry, J. M. Anderson, J. M. Dillon, E. B. Moss, C. E. Harris, Holladay Jackson, R. M. Anderson, Medley Pennington, T. B. Mason, L. C. King, A. C. Herrell, C. C. Boxley, Ulysses Baskin, Henry Crunk, J. H. Johnson, C. B. Cherry, C. W. Smithson, T. W. Morris, Sherman Henderson, J. A. Eastern, M. H. McAlpin, Geo. W. Willis, S. H. Ward, G. B. Underwood, B. P. Armstrong, and W. L. Hopper. The juries will be made up this evening.

The grand jury is composed of the following: F. W. McCrae, foreman; Ed R. Bogard, John S. Bryan, B. A. Luckett, J. C. Davis, J. W. Lander, Amos Robinson, W. H. Sizemore, W. T. McKinney, Gus Miles, R. S. Carter and O. O. Bell.

There are fourteen prisoners confined in the county jail. Of this number the cases of eight will be investigated by the grand jury. The other six are as follows: Gip Griffin, under indictment for murder; Clemon Cowherd, charged with robbery; Sam Reeves, appealed from the sheriff's court to the circuit court; Jim Holloway and Charles Finch, cases in the court of appeals.

The first anniversary of the Dark Tobacco Grower's protective Association was held at Guthrie Saturday and the attendance went far beyond the most liberal expectations. Amid enthusiasm, the officers were elected for the ensuing year. There were at least 20,000 visitors in the town, of which number between 15,000 and 16,000 attended the barbecue, business session and public jollification at the Fair Grounds. Among those who spoke were Hon. Jos. E. Washington, Congressman J. W. Gaines of Tennessee and A. O. Stanley of Kentucky. Joel B. Fort, C. P. Warfield, John B. Allen, John E. Garner, T. J. Barrett, of the American Society of Equity, and others.

The parade formed about 10 o'clock with the head resting at Ewing and Front streets, the neighboring side streets being filled with marchers. At 10.30 o'clock the march to the parade grounds started. The parade was headed by Chief Marshal George Snader and Assistant Marshals Dr. J. W. White of Nashville, and Tom Williams, of Springfield. Eight mounted aides kept the line in order.

Behind the Marshal and his escort came the "Black Patch Banner," a large standard which required three men to carry it. The upper portion of the banner contained a crescent with the words "Black Patch" inscribed on it. In the upper corner of

The Weather.

Washington, D. C., Sept. 25.—For Kentucky: Tuesday fair and warmer.

The Supreme Court of Minnesota has decided in a test case that the Western Union Telegraph Co. must pay franchise taxes on \$1,000,000 in Minnesota. It holds that all franchises are taxable.

The Republicans of Carter and Elliott counties have nominated Rev. Joe E. Thornberry, Baptist preacher, for representative. The district is largely Republican.

The dismembered and headless body of a woman, packed in a suit case, was found floating in the water at Boston. The authorities think the woman died under a surgical operation and her body was afterwards mutilated.

One of the hottest legislative fights in the State will be settled Saturday at Owensboro. Judge Joe Stirman, straight out for Paynter, and R. R. Neely, the Blackburn candidate, are contesting on senatorial issues. The Inquirer says Stirman will win.

The gate receipts of the State Fair at Lexington were attacked for debts incurred at Owensboro in 1903, mostly printing bills. At Owensboro there was a loss of \$12,000, which the local guarantors refused to pay and against them is now pending. The fair this year cleared \$10,000.

Kentucky's first practical demonstration train, which will furnish farmers with the latest scientific discoveries in the growing of alfalfa and corn, left Louisville yesterday morning. The party, headed by Hubert Vresland, Commissioner of Agriculture, will spend ten days touring the State. It will be here Sept. 29, at 8:45 a. m., for 30 minutes, the at L. & N. depot.

Yellow fever is still under good control at New Orleans. The record Sunday was 24 new cases and 2 deaths, same as the Sunday before. Country report, 25 new cases and one death. From Mississippi, 11 new cases, no deaths. Pensacola reports an alarming spread of the disease, with 20 new cases in three days.

GIRLS AT MACHINES.

Stenographers Take Places of Striking Printers.

Chicago, Sept. 21.—The experiments in the shops of the Chicago Typothetae since the printers' strike began promise a new field of industry for girl stenographers. From the typewriter keyboard to that of a big typesetting machine the employers say, is only a short move. So successful have the young women proved as "operators" in the large printing houses that the proprietors are seeking for more of them.

The Typothetae yesterday decided to advertise for 100 girls for machine work to take the places of striking printers. At present 225 girls are acting as strike breakers.

Strikes Hidden Rocks.

When your ship of health strikes the hidden rocks of Consumption, Pneumonia, etc., you are lost, if you don't get help from Dr. King's New Discovery for Consumption! J. W. "Not In."

Henry Rice, the negro who struck the white boy, Scott Means, on the head with a cane last week, is not in the city. The police say they have not the remotest idea where the negro went after disappearing the night of the assault. The injury sustained by the boy is by no means serious.

Starting Mortality.

Statistics show startling mortality, from appendicitis and peritonitis. To prevent and cure these awful diseases, there is just one reliable remedy, Dr. King New Life Pills. M. Flannery, of 14 Custom House Place, Chicago, says: "They have no equal for Constipation and Biliousness." 25c at R. C. Hardwick's druggist,

Mr. J. T. Wynn, a prominent farmer of Northeast Christian, died last week, after a long illness, of a complication of diseases. He was about 55 years old and leaves a family. The interment took place in the family burying ground, near Old White Plains.

Incredible Brutality.

It would have been incredible brutality if Chas. F. Lemberger, of Syracuse, N. Y., had not done the best he could for his suffering son. "My boy," he says, "eat a spoonful of Bucklen's Arnica Salve, which quickly relieves it and saves his eye." Good for burns and ulcers too. Only 25c at R. C. Hardwick's drug store.

MORE ATTRACTIONS.

Collection of Wild Animals Trained to Perform.

The Great Parker Amusement Company carries, without exception, the largest trained wild animal show in the carnival business, and unlike all other shows of like nature, the animals are made to perform in a large steel arena, thirty feet in diameter. Among the collection of wild animals trained to perform,

"FATIMA" THE DANCING BEAR.

are a group of full grown forest bred, African lions, and Siberian bear hunts, introduced in the arena by the Princess, LaBelle Salina, who, during her recent engagement at the Hippodrome, Paris, France, with Mr. Frank Bostock, was presented by King Edward, and in spite of the fact that the Princess carries more scars, as a result of thrilling encounters with the sharp teeth and claws of her pets, she continues in her hazardous profession and takes pride in demonstrating the limits to which human intelligence, and indomitable will may be carried in subduing and controlling the brute creation. "Fatima," the dancing bear, is also a star feature of the animal arena, and is said to present the "dances that made the Midway famous" with the grace and ease of an oriental.

Looping the Loop in a hollow ball, together with many other high skilled acts is presented in the Roman Coliseum twice daily and bids fair to spread excitement and interest throughout the city as only this great feature can do.

Among the other tented attractions carried by the Parker Co. are Crystalplex, or world in glass; The Temple of Music, Hindoo Mystery, Dog and Pony Circus, The Girl From Abilene, Great Train Robbery, Electric Theatre, Mutoscopian, Laughing Palace and a number of others. Throughout the entire "Pike" everything is conducted on a moral and educational plan. Gentlemanly

Often The Kidneys Are Weakened by Over-Work.

Unhealthy Kidneys Make Impure Blood. It used to be considered that only urinary and bladder troubles were to be traced to the kidneys; but now modern science proves that nearly all diseases have their beginning in the disorder of the most important organs.

The kidneys filter and purify the blood—that is to say, they remove waste products.

Therefore, when your kidneys are weak or out of order, you can understand how quickly your entire body is affected and how many other organs seem to fail to do their duty.

If you are sick or "feel badly," begin taking the great kidney remedy, Dr. Kilmer's Swamp-Root, because soon our kidneys are well they will help all the other organs to health. A trial will convince anyone.

If you are not you can make no mistake by taking this medicine.

The mild and the extraordinary effect of Dr. Kilmer's Swamp-Root, the great kidney remedy, soon makes us realize that our kidneys are well they will help all the other organs to health. A trial will convince anyone.

If you are not you can make no mistake by taking this medicine.

Gaines and Mr. Stanley. Behind them came the Todd County delegation, headed by the Elkton band. The standard of the association was a tobacco stalk, which was grown near Elkton, and reached the unusual height of nine and one-half feet. It bore a placard, "Reaching for higher prices." Every man in the delegation wore a large ribbon inscribed "Todd County Stands Pat." They marched five abreast, and there were almost 400 men in line.

This delegation, as did all the others in fact, carried numerous banners. Among the banners were ones bearing as inscriptions, "Todd County Never Flickers," " Beware of the 'But' of the Butters."

"Todd County Follows Where Ewing and Reynolds Lead; Cut the Acreage," "Todd County's George Knock Them Into Fits." The largest banner contained the inscription:

Our Field Artillery, Ewing, Washington, Stanley, Shadens, Gaines, Alford, Fort, Garner and Laffoon.

The Christian county delegation, consisting of 325 men, followed, headed by the First Regiment U. S. P. Band, of Nashville. The band went to Hopkinsville Friday night and came down on a special with the delegation. There were a great many women in this delegation, which was followed by several pleasure wagons containing young women in holiday dress.

BLACKS PACH'S MONSTER RALLY.

(Continued from First Page.)

the banner was a tobacco plant, and from the lower side of the crescent to the bottom the banner was divided into stripes, each indicative of one of the counties in the fight.

Lengthy Parade.

Following the banner came the carriage of chairman of the Executive Committee Felix G. Ewing, in which there rode with Mr. Ewing C. E. Barker, Vice President of the association and one or two other gentlemen. In the next carriage rode congressmen Gaines and Stanley.

The other speakers followed Gaines and Mr. Stanley. Behind them came the Todd County delegation, headed by the Elkton band. There were a great many women in this delegation, which was followed by several pleasure wagons containing young women in holiday dress.

Many Banners Carried.

The Woodmen of the World Band, of Franklin, Ky., headed the 250 men from Simpson county. Behind them marched some 400 men from Cheatham county. Among the banners carried was one stating, "We will allow the colored man to put his tobacco in the association; he likes sugar in his coffee."

"Ninety-five per cent of the present crop already pledged," was another of the banners carried.

Lyon county, Ky., had 450 men in line, headed by the Russellville military band, immediately behind which was carried the banner bearing the inscription: "We will follow Ewing to victory or death. We belong to George Jackson and are out to bust the trust."

The Clarksville and Montgomery county delegation followed. This was composed of probably 500 tobacco men, and a delegation from the Chamber of Commerce increased the number to 600. The delegation was headed by Chairman Prince, and the principal banner was inscribed: "The harder the Trust fights the stronger we get."

The Robertson county delegation, numbering about 700 was headed by Hon. Jos. E. Washington and was preceded by the Red Men's Band, of Nashville. Like the Montgomery delegation, all did not take part in the parade. Over 1,500 were present from Robertson, at Springfield alone over 490 tickets having been actually purchased from the agent for the morning train, while many others went up Friday night.

The Adams delegation rode in several large log wagons, one of which bore the legend "The Bank of Adams advanced the association \$50,000."

The negro delegation, numbering about 700 was headed by Hon. Jos. E. Washington and was preceded by the Red Men's Band, of Nashville. The negro delegation, in which were over 400 men followed behind. They were headed by Marshal M. B. Thompson, principal of a negro school at Sardisville. The Allegheny, Ky., colored band supplied the music for this division.

Behind the negro division there were 300 or 400 vehicles of all kinds strung along, every type from a buggy to a pleasure wagon being represented. A great number of pedestrians also followed in the wake of the parade.

A count was kept at the gate up to 13,000 when the tally was lost. Several thousand came afterwards. It is certain that between 15,000 and

ROYAL BAKING POWDER CO., NEW YORK.

18,000 persons were inside the grounds, and those who remained in the town stated the absence of the others was hardly noted.

After the parade entered the track inclosure they disbanded.

The Proceedings.

The proceedings were opened by L. Summer, of Steward County, who offered a short prayer, asking for the guidance of the Almighty for the growth of the black patch in the fight against the trust.

The illness of Charles Fort, Chairman of the association, was announced by Vice President C. E. Barker.

On behalf of Guthrie, M. Edward Webb delivered the welcome address.

M. Barker then called for the first business, the election of officers for the ensuing year.

President C. H. Fort was unanimously re-elected.

Vice President Charles Barker was re-elected as unanimously as Mr. Fort had been.

"Ladies and gentlemen," announced Mr. Barker, "the next office to be filled is that of Chairman of the Executive Committee."

Ovation For Felix Ewing.

At this the crowd went wild. For several minutes the cheering continued and during the lulls there were cries of "Ewing."

M. Ewing finally took the stand and addressed the crowd. A bouquet was handed him and he briefly expressed his thanks and appreciation.

"The work is not over," he said. "It will never be over. It will last as long as we live. Designing men will see opportunities to rob us of the fruits of our labor, and we will have to fight to the end. One thing that has pleased me is the conservatism that has characterized the members of our association."

Mr. Ewing was declared unanimously re-elected.

Frank Walton was unanimously re-elected Secretary and Treasurer. This completed the regular order of business.

Speeches then followed for several hours. One of the best speeches was by the young Congressman from this district.

Congressman Stanley.

Congressman Stanley roused his auditors to a high pitch of enthusiasm. He said that it was just as reasonable to ask the Apostle Paul why he didn't preach a better religion, as to ask why Mr. Ewing hadn't obtained better prices.

The only objection that could be raised against Mr. Ewing was that his accounts were not kept straight. The book he kept showed no receipts whatever, yet he had managed to spend over \$5,000, and had not charged it up against the association.

Mr. Stanley stayed the trust in a style that pleased his auditors. "I wish," he said, "that I had a trumpet voice that could be heard around the world when I talk about the trusts and talk about the damnation of the gang that has been robbing you for twenty years."

He complimented the farmers on sticking together, and reminded them that in 1903 the best grades of tobacco sold for 4 cents and less, and that the trash of last year was sold by the association for 54 cents,

and the best grades were expected to bring from 9 to 11 cents within the next few weeks.

Behind the negro division there were 300 or 400 vehicles of all kinds strung along, every type from a buggy to a pleasure wagon being represented. A great number of pedestrians also followed in the wake of the parade.

A count was kept at the gate up to 13,000 when the tally was lost. Several thousand came afterwards. It is certain that between 15,000 and

KILLED BY KISS.

Saddest Accident On Record Is This Tragedy.

Gravel Switch, Ky., Sept. 22.—Catching his six-year-old daughter in his arms to kiss her, after a long absence from home, Jason Chapman tilted her head back in such a manner that the child's neck was broken. She died instantly.

The father was horrified when his child's head fell back limp on his shoulder and he saw the expression on her laughing face change to the grim fixed stare of death. His happy home coming was thus turned into a tragedy.

Milk Crust, Tetter, Ringworm, and Scalled Head, and Every Form of Torturing, Disfiguring Humors: from Infancy to Age.

CURED BY THE CUTICURA REMEDIES

The agonizing itching and burning of the skin, as in eczema; the frightful scaling, as in psoriasis; the loss of hair and crusting of the scalp, as in scaled head; the facial eruptions, as in ringworm; the awful suffering of infants, and anxiety of worn-out parents, as in ringworm crust, tetters and scald rashes.

Mr. Geo. W. Elgin, of Madisonville, who spent several days here with his mother and other relatives, returned home Saturday.

Miss Pearl Findley, of Madisonville, who had been visiting her sister, Mrs. W. C. Lacy, returned home Saturday.

HORN AND BUTTER.

WHY IT SUCCEEDS.

Because It's for One Thing Only, and Hopkinsville is Learning to Appreciate This.

Nothing can be good for everything. Doing one thing well brings success. Doan's Kidney Pills do one thing only. They cure sick kidneys.

They cure backache, every kidney ill. Here is Hopkinsville's evidence to prove it.

Mrs. J. T. Johnson, wife of J. T. Johnson, superintendent of streets, living at 616 North Main street, says:

"During the latter part of last summer I noticed growing upon me a dull aching across the small of my back which kept getting worse until I was hardly able to walk around, and many times could not attend to my household duties. The trouble I believe came from my kidneys for I suffered from other distressing symptoms of pain in the back, frequent attacks of dizziness. I learned about Doan's Kidney Pills and my husband got a box for me. They did me wonderful amount of good. I felt much better and stronger in every way than I had for some years. I do not know what I should have done if it had not been for Doan's Kidney Pills."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.

Remember the name—Doan's—and take no other.

WAS A VERY SICK BOY

But cured by Chamberlain's Colic, Cholera and Diarrhoea Remedy.

Chamberlain's Cough Remedy Acts on Nature's Plan.

"When my boy was two years old he had a very severe attack of bowel complaint, but by the use of Chamberlain's Colic, Cholera and Diarrhoea Remedy we brought him out all right," says Maggie Holloway, of Mays Landing, New Jersey. "I have had many cases of bowel complaint which can be depended upon in the most severe cases. Even cholera infantum is cured by it. Follow the plain printed directions and a cure is certain. For sale by L. L. Elgin and Anderson & Fowler, the up to date druggists at Hopkinsville.

No man is utterly lost so long as anyone loves him.

Chamberlain's Cough Remedy Acts on Nature's Plan.

The most successful medicines are that aid nature. Chamberlain's Cough Remedy is the best of the plain. Take it when you have a cold and it will allay the cough, relieve the lungs, aid excretion, open the secretions and aid nature in restoring the system to a healthy condition. Thousands have testified to its superiority, especially to contraries and tendency of a cold to result in pneumonia. Price 25 cents. Large size 50 cents. For sale by L. L. Elgin and Anderson & Fowler, the up to date druggists at Hopkinsville.

No man can do a great work who cannot wait.

Neglected Colds.

Every part of the mucous membrane, the nose, throat, ear, head and lungs, etc., are subjected to disease and blight from neglected colds. Ballard's Horseradish Syrup is a pleasant and effective remedy.

W. Akendrick, Valley Mills, Texas, writes: "I have used Ballard's Horseradish Syrup for coughs and throat troubles; it is a pleasant and most effective remedy." Sold by Cook & Higgins.

There is no gaining of love without giving it.

Chamberlain's Pain Balm.

This is a liniment, remarkable for its great power over pain. It quickly allays the excruciating pains of rheumatism, neuralgia, toothache and rest possible. For sale by L. L. Elgin and Anderson & Fowler, the up to date druggists at Hopkinsville.

The lust of money kills the love of men.

The laxative effect of Chamberlain's Stomach and Liver Tablets is so agreeable that no person you really realize that it is produced by a medicine. These tablets also cure indigestion. For sale by L. L. Elgin and Anderson & Fowler, the up to date druggists at Hopkinsville.

Lives make the noblest literature there is.

Beautiful Women.

Plump cheeks, flushed with the soft glow of health and a pure complexion, make all women beautiful. Take a small dose of Herbinine after meals. It is a safe, simple composition and help digest what you have eaten. Mrs. Wm. M. Strong, Midlothian, Tex. writes, May 31, 1901:

"We have used Herbinine in our family for eight years, and found it the best medicine we ever used for constipation, bilious fever and malaria.

So do by Cook & Higgins.

GOT JUDGMENT.

Newspapers Will Try to Collect Their Advertising Bills.

Louisville, Sept. 20.—Judgments for the plaintiffs was given by Magistrate Charles J. Fegenbush yesterday afternoon in the case of forty-three of the newspapers of Kentucky and Southern Indiana against the Kentucky Live Stock Breeders' Association. He took the case under consideration after hearing the evidence Monday afternoon, and compared the bills presented by the plaintiffs with the amounts allowed by the board of directors of the fair association in 1903, and, except in a few cases, allowed the entire amounts claimed. The bills vary from \$4 to \$750, and total in round numbers is \$750.

M. W. Neal, a vice president of the association, upon whom the papers in the case were served, contend that the real defendants was not in court, that he was only passively connected with the organization, and that the real defendants were out of the city at the state fair, now being held in Lexington.

What is the true twentieth century adventure story—the adventure of brain, not of bloodshed, of great issues, not of visible perils? Perhaps there is no better example of such a narrative than Mr. Lawson's account in the October number of Everybody's Magazine, of that supremely daring brigand of "Frenzied finance," F. Augustus Heinz, the Montana opponent of "Standard Oil." No duelists ever had more stake than Heinz and Mr. Lawson in their memorable war of millions, waged in a single night, when both men risked everything—and Lawson won.

More sombre and terrible, if not more thrilling, is that picture of the Russia of the moment which Ernest Gole gave us in his striking article, "Peasant Cattle," which condemns the brutal Cossacks from their own mouths. To check the development of such enemies of society as those two articles portray, the State of Ohio has instituted its Industrial school for boys, a wise, cheerful institution of which Eugene Wood, in this issue of the magazine, gives a readable and unconventional account.

The body of an unknown man, killed by a fall from a train, was found near the Berry tunnel, on the L. & N. railroad, not far from Cynthiana.

Robert E. Poynter, a well-known young man of Mayfield, Ky., attempted suicide there, shooting himself three times.

The funeral of Ignatius N. Vetter, late superintendent of the Louisville Workhouse, was held Tuesday morning.

Will It Cure Consumption?

Now we cannot hold out the promise that Dr. Pierce's Golden Medical Discovery will cure consumption when the trouble is fully developed and established. We do not know any medicine will then cure, although hundreds have been cured by the "Discovery" after their attending physician had pronounced their disease to be regular tubercular consumption. The fact is that "Golden Medical Discovery" does not cure chronic bronchitis, catarrhal affections, ostraive throat and those diseases of the lungs, catarrhal, wasting, "run-down" conditions which, if neglected, are improperly treated, run on and sometimes become chronic consumption.

We know that thousands of men and women although in the advanced stages of consumption and emaciation—pallid, wan and broken down with the terrible symptoms of hacking coughs, night-sweats, hectic fever, absolute prostration, and even loss of strength, have been restored to the use of that marvelous medicine to permanent health, strength and vitality, that it may be taken in time, before the lungs have become filled with tubercular deposits, or have actually begun to break down.

WHY IT SUCCEEDS.

Because It's for One Thing Only, and Hopkinsville is Learning to Appreciate This.

Nothing can be good for everything. Doing one thing well brings success. Doan's Kidney Pills do one thing only. They cure sick kidneys. And here is Hopkinsville's evidence to prove it.

Mrs. J. T. Johnson, wife of J. T. Johnson, superintendent of streets, at 618 North Main street, says: "I first noticed growing up on me a back which kept getting worse until finally the bone became so severe that I was hardly able to walk around, and many times could not attend to my business. I had a doctor, but he relieved me from my kidney trouble. I suffered from other distressing symptoms of complaint. I was subject to the most severe headaches and frequent attacks of dizziness. I learned about Doan's Kidney Pills and my husband got a box for me. They did wonderful amounts of good. I felt much better and stronger every day than I had for some years. I do not know what I should have done if it had not been for Doan's Kidney Pills."

For sale by all dealers. Price 50 cents. Foster-Millbury, Buffalo, N. Y., New York, sole agents for the United States.

Remember the name—Doan's—and take no other.

Too many think that the crooked path must be broad.

WAS A VERY SICK BOY

But Cured by Chamberlain's Colic, Cholera and Diarrhoea Remedy.

When my boy was two years old he was a very sick boy. He had a bad complexion, but by the use of Chamberlain's Colic, Cholera and Diarrhoea Remedy we brought him out all right," says Maggie Hickox, of Midland, Mich. This remedy can be depended upon in the most severe cases. Even cholera patients are cured by it. Even plain printed directions and a cure is certain. For sale by L. Elgin and Anderson & Fowler, the up to date druggists at Hopkinsville.

No man is utterly lost so long as anyone loves him.

Chamberlain's Cough Remedy Acts on Nature's Plan.

The most successful medicines are those that aid nature. Chamberlain's Cough Remedy acts on this plan. Take it when you have a cold and it will allay the cough, relieve the lungs, aid expectoration, open the secretions and aid nature in restoring the system to a healthy condition. Thousands have testified to its superiority. It counteracts the effects of a cold to result in pneumonia. Price 25 cents. Large size, 50 cents. For sale by L. Elgin and Anderson & Fowler, the up to date druggists at Hopkinsville.

No man can do a great work who cannot wait.

Neglected Colds.

Every part of the mucous membrane, the nose, throat, ear, head and lungs, etc., are subjected to disease and blight from neglected colds. Ballard's Cold Remedy is a pleasant and effective remedy.

W. Akendrick, Valley Mills, Tex.

writes: "I have used Ballard's Horehound Syrup for coughs and throat troubles; it is a pleasant and most effective remedy." Sold by Cook & Higgins.

There is no gaining of love without giving it.

Chamberlain's Pain Balm.

This is a liniment, remarkable for its great power over pain. It quickly allays the excruciating pains of rheumatism and makes sleep and rest possible. For sale by L. Elgin and Anderson & Fowler, the up to date druggists at Hopkinsville.

The lust of money kills the love of men.

The laxative effect of Chamberlain's Stomach and Liver Tablets is so agreeable and so natural you can hardly realize that it is produced by a medicine. They also cure all constipation. For sale by L. Elgin and Anderson & Fowler, the up to date druggists at Hopkinsville.

Lives make the noblest literature there is.

Beautiful Women.

Plump cheeks, flushed with the soft glow of health and a pure complexion, make all women beautiful.

Take a small dose of Herbine after each meal; it will prevent constipation and help digest what you have eaten. Mrs. M. Strong, Mildonian, writing, March 31, 1903: "We have used Herbine in our family for eight years, and found it the best medicine we ever used for constipation, bilious fever and malarias."

Sold by Cook & Higgins.

GOT JUDGMENT.

Newspapers Will Try to

Lect Their Advertising Bills.

Louisville, Sept. 20.—Judgments for the plaintiffs was given by Magistrate Charles J. Fegenbush yesterday afternoon in the case of forty-three of the newspapers of Kentucky and Southern Indiana against the Kentucky Livestock Breeders Association. He took the case under consideration after hearing the evidence Monday afternoon, and compared the bills presented by the plaintiffs with the amounts allowed by the board of directors of the fair association in 1903. In these cases few cases allowed the entire amounts claimed. The bills vary from \$1 to \$500, and total in round numbers is \$750.

M. W. Neal, a vice president of the association, upon whom the papers in the case were served, contended that the real defendants was not in court that he was only passively connected with the organization, and that the real defendants were out of the city at the state fair, now being held in Lexington.

What is the true twentieth century adventure story—the adventure of brain, not of bloodshed, of great issues, not of visible perils? Perhaps there is no better example of such a narrative than Mr. Lawson's account in the October number of Everybody's Magazine, of that supremely daring brigand of "frenzied finance," F. Augustus Heinze, the Montana opponent of "Standard Oil." No duellists ever had more at stake than Heinze and Mr. Lawson in their memorable war of millions, won in a single night, when both men risked everything—and Lawson won. More sombre and terrible, if not more thrilling, is that picture of the Russia of the moment which Ernest Poole gives in his striking article, "Peasant Cattle," which condemns the brutal Cossacks from their own mouths. To check the development of such enemies of society as those two articles portray, the State of Ohio founded its Industrial school for boys, a wise, cheerful institution of which Eugene Wood, in this issue of the magazine, gives a readable and unconventional account.

The body of an unknown man, killed by a fall from a train, was found near the Berry tunnel, on the L. & N. railroad, not far from Cynthia.

Robert E. Poynter, a well-known young man of Mayfield, Ky., attempted suicide there, shooting himself three times.

The funeral of Ignatius N. Vetter, late superintendent of the Louisville Workhouse, was held Tuesday morning.

We also store for the Planters' Association.

Will It Cure Consumption?

NO, we cannot hold out the promise that Dr. Pierce's Golden Medical Discovery will cure consumption when thoroughly tested and established. We doubt if any medical discovery can cure consumption. We have been cured by "Discovery" after their attending physicians had pronounced their cause to be incurable.

The fact is the "Golden Medical Discovery" does cure severe bronchitis and bronchial affections, lingering coughs, and those chronic down-at-the-heels conditions which, if neglected or improperly treated, run down and end in consumption.

We know the diseases of man and women although in the advanced stages of feebleness and emaciation, and all the broken-down, half-dead, half-diseased, hacking, coughing, sweat, peptic, fever, absolute prostration, and even bleeding from the lungs—have been restored by the "Golden Medical Discovery" to a genuine condition of health, strength and vitality.

It may be taken in time, before the lungs have been filled with tubercles, and have actually begun to break down.

DR. R. V. PIERCE, BUFFALO, N. Y.:

Dear Sir—I wish to speak of my medical discovery. My health being run down to a low ebb, I wanted to get well again. I had a very bad cough, and also raised a great deal of mucus. I purchased your "Golden Medical Discovery" and took half a grain twice a day. I could eat three good meals a day, and my weight increased 10 pounds in a week. I could walk and talk. I am now in full possession of my health again. I am not far from it and not yet griped. By all druggists.

It's an insult to your intelligence for a dealer to attempt to palm off upon you a substitute for this world-famed medicine. You know what you want. It's business to meet that want. When he urges some substitute, he's thinking of the larger profit he'll make—not of your welfare. Avoid all such unprincipled dealers.

With respect,
R. V. Pierce.

AMUSEMENT COLUMN.

Gus Sun's Minstrels, And Other Good Shows Coming.

The Gus Sun American Minstrels which will appear at the Opera House here Wednesday night, Sept. 27, is composed of thirty-five people this season, and is said to be not only the best minstrel organization that has appeared here, but is now among the best on the road. The scenic offering in the first part this season is entitled, "A City of Splendor," which represents a city at night illuminated with its myriads of electric lights, moon and star effects. The picture is so nearly drawn to life that the audience almost forgets that they are in a theatre and imagine themselves on the principal street of some foreign city. The singing, both ballad and chorus work, is better than ever before, and each comedian has a large number of laugh producers. This superb first part is followed by the strongest olio, or second part, ever carried by this company. We mention Chas. W. Milton, monologue artist; Crawford and Fanning, musical artists. Brothers Spaulding, Parisian acrobats, only act of its kind in the world; the great Kyler, cycle high wire act; Elliott and West, singers and dancers; Bragdon Brothers, operatic singers. The parade this year is away from the beaten path and one that will appeal to every onlooker. Seats on sale at the usual place.

"World in Motion."

The entertainment afforded by the Fiske-Stock Company at the Opera House Sept. 29 and 30, when "The World in Motion" is presented, is something that marks an innovation in the amusement line. The program is a mixture of all that is good and should prove a good drawing card. A good mixture of any kind is never hard to take and for that reason his offering should meet with excellent results. "The World in Motion" presents a series of moving pictures selected from every quarter of the globe. Of course the local pictures, the taking of which aroused so much interest a few days ago, will be a big factor in the program, but in addition to all this the management offers Miss Grace Gilmore Hamilton, lyceum entertainer, a reader of great note. Miss Lulu Komori, soprano soloist, C. W. Mullens, pianist, and T. V. Stock's big Parisian novelty, LaProtea. Altogether the program is a splendid one and with the exception of the local pictures, will be changed at every performance.

"The County Chairman."

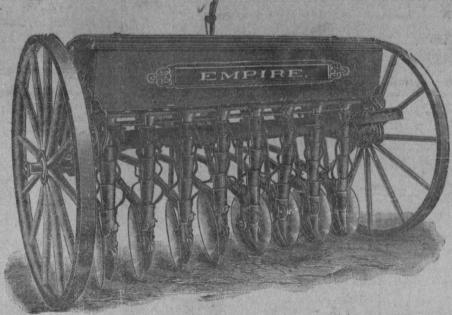

After 113 performances in Chicago, 350 in New York, 50 in Philadelphia and the same in Boston, George Ade's great American comedy drama, "The County Chairman" will be offered at Holland's Opera House on Oct. 2. Mr. Ade long ago established himself as the foremost humorist of the day and in "The County Chairman" he puts himself in the front rank of dramatists. "The County Chairman" has been given a most elaborate production by Henry W. Savage.

The four acts take place in the village of Antioch, somewhere in the middle west. The first act shows the exterior of a typical crowd of loungers. The next act pictures the home near the town where the big political rally takes place. To this scene every device of up-to-date stage management has been brought
